

"This icy relationship will warm you."

Made for each other.
 Lauretana Pininfarina & Island Ice.
 (plus your favorite libation of course)

"Your clientele deserve what they desire...the best"

Great Scotch also deserves pure water, clean ice cubes.

Island Ice cube trays designed for discriminating connoisseurs who enjoy their premium libation on the rocks...offering a choice between the only hygienically clean, processed, and hermetically sealed sterile ice cubes (food product) available in the world, as opposed to utilizing local municipal tap water.

Island Ice does not contaminate or alter the flavor profile of an alcoholic beverage.

Island Ice and Lauretana Pininfarina pure waters...**a double** profit center.
